### Iqua Blade | Bluetooth® Wireless Headset BHS-802

With all you have going on in your life, the last thing you want to worry about is remembering to bring the charger for your headset with you, to get those extra valuable hours of additional talking time from your headset. Iqua is proud to present the answer to your problem and its newest and slimmest premium headset, the Blade BHS-802. Still retaining Iqua's unique and classy style, the BHS-802 also provides you with excellent audio quality and comes equipped with a unique cradle—enabling you to add additional talk time your headset wherever, whenever. The Iqua Blade enables you to have longer talking and standby times and saves you the power for when you need it the most. When low on battery power, simply place the Iqua Blade in the cradle for extended power – no outlets, no cords, no hassles – the cradle does the rest.
